

Welcome to the PCD Patient Portal!

- Request **medication refills and make appointments** with our providers through our secure online patient portal.
- If interested in participating, please sign the form acknowledging that you agree to the terms and conditions.
- Once you have registered and provided us with a preferred email address for communications, you will receive a secure introductory email. This initial email will provide you with login credentials as well as instructions on how to use the portal.
- When you log in to the portal for the first time, you will be prompted to verify your identity by entering your date of birth. At that time you will also be asked to create a security question, and you will then have the option to change your password.
- Our patient portal is best used specifically for refill requests and to make appointments.
- **Please be advised that the portal should NOT be used for complex medical questions or as a substitute for seeing your provider.**
- The PCD patient portal can be found at <https://health.eclinicalworks.com/pennsyderm> or find the link on our website homepage: www.pennsyderm.com
